How we will work

TOPIC	HOW IT WORKS
Client portal	Milestones, deliverables, files, messages and change requests live in your portal. Log in with the email you shared with me.
Messages	Portal or email for anything about scope, money or approvals, so we both keep a record. WhatsApp for quick questions.
Working hours	Sunday to Thursday, 10:00 to 18:00 Cairo time. I reply within one business day.
Meetings	Book a call from my website. We hold a short check-in at each milestone.
Feedback	Please send all changes for a milestone in one message within 5 business days. Each milestone includes 2 revision rounds.
Changes	New ideas are welcome. Anything outside the agreed scope gets a written quote first, and nothing is billed without your approval.
