Subject: Proposal for the TH Marble website: your stone collection online, with quote requests in one tap

Hi TH Marble team,

Thank you for the call on Thursday. I enjoyed hearing how far your stone travels, and how many buyers still have to ask for photos on WhatsApp before they can compare Galala, Samaha or Black Aswan.

As promised, my proposal for the TH Marble website is attached. In short:

- **What I will build:** a company website with a page for each of your 14 marble and granite stones, a projects gallery, and a quote form linked to WhatsApp
- **Result for you:** buyers in Egypt and abroad browse the full collection on their phone and send a quote request without calling first
- **Timeline:** about 2 weeks, from 23 September to launch on 5 October 2026
- **Investment:** EGP 42,000, paid in three stages (EGP 21,000 to start, EGP 10,500 at design approval, EGP 10,500 before launch)

The proposal also covers the exact scope, the revision rounds included, and how changes are handled, so there are no surprises later.

If it looks right, reply "approved" and I will send the contract. If you would like to adjust the scope or the budget, I am happy to walk through it on a 15-minute call.

The prices in the proposal are held for 14 days, until 27 September 2026.

Best regards,

Follow-up (if no reply after 4 business days)

Subject: Re: Proposal for the TH Marble website

Hi TH Marble team,

Following up on the proposal I sent on 13 September. Do you have any questions about it, or anything you would like changed?

If the timing has moved, that is fine. Let me know and I will keep your slot open until 20 September.

Best,

Ziad
